

Geir Ove Saltvedt, Remoras new Senior Vice President, Technical Division

Remora is happy to announce that Mr. Geir Ove Saltvedt has started in Remora as SVP Technical Division.

Mr. Saltvedt has wide experience within the Oil & Gas industry from companies like Kvaerne/Aker Solutions, Halliburton, Fabricom and Apply. His experience covers all aspects from design through project management and business management for fixed and floating production platforms as well as drilling rigs. Geir Ove holds a bachelor degree in Mechanical engineering (University of Agder), Master degree in Material Technology (University of Stavanger) and Master of Business Administration (Heriot Watt University in Edinburgh).

Before joining Remora, Mr. Saltvedt worked for Apply as Executive Vice President for Systems & Products.
